COVINGTON, TENN.

The Mississippi River Railroad-The Pecple of Tipton Favor the Enterprise-Its Prospects.

Special Correspondence of the APPEAL.] COVINGTON, TENN., July 10, 1871. Our community was surprised to learn sioners. As there never was such a crop is superb. The condition of the body in Tipton county, the informatifields within 150 miles of Memphis tion is as correct in the one instance promises the city a magnificent busias in the other, and is equally incor- ness season. rect in both.

Our County Court is favorable to the Mississippi River road, and will do nothing to injure its credit or impair its progress. The friends of the The Cetton and Other Crops of Cross Coun road are daily increasing, both in this place and in the county, and they are greatly encouraged by the efforts now being made to secure the speedy completion of this most important enterprise, and our town is only walting to see what Memphis will do before we CROSE COUNTY, ARK., July 3, 18

railway trains to make connections. Those of the Memphis and Charleston and Mobile and Ohio roads always had an aversion for one another. Collisions are texrible, and these two railways have avoided them with sedulous care. In fact, there has been loss care, and police arrangements for that day. enough bloody work done at Corinth, is that we have had a complete revoand it is well if no graves be dug by Jution. The 1st of May the season was | LITTLE ROCK, July 10.—Three men there is no reason why one or two was never more gloomy. Now the and bound over, good reflectors could not be so used in season is early. Cotton is blooming In Independence county, Wednes rays that faggots would be needless in an average season. It is healthier and wind passed over the country, prosheating locomotive boilers. With all larger than almost ever before. Such trating fences and doing much damage its galleries and broad windows, the a corn crop was never before seen, apartments of the Scruggs House are especially on the ridge; for this year Joseph We very like turnaces to night, and soft the ridge, upon the whole, beats Bland, in Benton county, on the 1st winds from the gulf, like the kindred | the bottom; the rains having been | inst. She will be used for roses that blossom above the hun-

Corinth. The people seem unconscious of the fact, but the place flourtivity of Corinth. Colonel F. E. Whitmaking more cotton than ever before change, and the growth of this has and absorbed in every task of indus-try, of progress, the dirty, lousy it now pearly counts the party plant managers of negro mobs, the vile car-pet-baggers and knaves sent hither planted the last week in May, and the by Grant's minions to plander the country, are busy day and night in with squares. It is not likely the fallcountry, are busy day and night in plotting disturbances, in arraying blacks against whites and in perfecting organizations that their tenure of offices may be perpetuated. One of their tasks is accomplished by using negro testimony to convict white men low us to expect better prices than the low us to expect better prices t of felonies defined in the Ku-Klux low us to expect better prices than the instantly knied at Leiand, in, on our reduction and last crop was sold for, since it is now Saturday evening. On the 4th inst., all know the danger which threatlast crop was sold for, since it is now act. By this means the success of Radical candidates in Ohio is assured, and then, it is believed, when Alcorn takes his place in the United States Senate, in case the knaves triumph in approaching elections in this State, that Mississippi will be as ruthlessly plundered as Louisiana. War-least plundered as Louisiana continuation of the supply was not in excess of the demand, and the certainty seems to be established that the supply was not in excess of the demand, and the certainty seems to be established that the demand, and the certainty seems to be established that the supply was not in excess of the demand, and the certainty seems to be established that the supply was not in excess of the demand, and the certainty seems to be established that the supply was not in excess of the demand, and the certainty seems to be striking him on the head with a situation of the walls. Evolution for his brother, Laban Blair, in Ohio, to come on and help him clean out his brother in-law, named Shepherd's house Satur-least plundered as Louisiana. War-least plundered was not in excess of the demand, and the certainty seems to be stablished that the supply was not in excess of the demand, and the certainty seems to be stablished that the supply was not always in Aurora. He got in a fight and nearly killed a young man by striking him on the lead with a situation of the common that the certainty seems to be successed in the certainty seems to be successed in Aurora. He got in a light and reast in Aurora. He got in a light and reast in a suite state of the mouth incapacitated for service by disease, a negro is de facto et de jure Governor of Louisiana. In New Orself are greater the higher the price cleaning out process, when Shepherd selling are greater the higher the price selling are greater the pr disease, a negro is de faato et de jurg Governor Louisian. In New Oro Louisan. In New Oro Leans, therefore, property, taxed seven and a half per cent, becomes utterly valueless, and to this pittable condition, if one or two more negro and carpet-bag Legislatures reign, will Mississiple be reduced. It is the property in a country or to make per maneut or costly improvements where savages and theres rich in the property in a country or to make per maneut or costly improvements where savages and where courts are the basest engines of partition of the participation of such a possibility that an official property in a country or to make per maneut or costly improvements where savages and there is no coloilably killed. Our mills and manufacturing of the property in a country or to make per maneut or costly improvements where savages and there will be company to the property in a country or to make per maneut or costly improvements where savages and there is the property in a country or to make per maneut or costly improvements where savages and there is the property in a country or to make per maneut or costly improvements where savages and there is the property in a country or to make per maneut or costly improvements where savages and there is the property in a country or to make per maneut or costly improvements where savages and there is the property in a country or to make per maneut or costly improvements where savages and there is the property in a country or to make per maneut or costly improvements where savages and there is the property in a country or to make per maneut or costly improvements where savages and there is the property in a country or to make per maneut or costly improvements where savages and there is the property in a country or to make per maneut or costly improvements where savages and there is the property in a coun onest folks will not seek places in pating the possible success of brutality and ignerance, fear to expend money

in remotely profitable and permanent It seems that Mr. Whistler, the Manchester, Lowell and Lawrence THE COAL OIL CASE. Deputy United States Marshal of must have cotton. The necessity to whom I telegraphed, was arrested and them is even greater than for the tried before the Mayor of Corinth, but planter to make haste to sell. Let the no sufficient proof was adduced to establish the fact that he robbed the Louisville merchant so terribly burned by the coal oil lamp. Whistowned lamp. Whistowned lamp. Whistowned lamp was adduced to establish the fact that he robbed the price. Let them, in the meantime, attisfy the pressing wants of the plantage of the plantag ther and the tobacco man were drinking together, and sat near each other at the supper table. The tobacconist discovered that his purse and \$500 were missing, and Whistler took the lamp and looked about for it on the floor, finally replacing the lamp, but in such a manner that it fell from the table upon the tobacconist. Whistler's friends say he was drunk, but the merchant's money is gone, and Whistler, having caused the calamity, was the first to escape from the dining hall and never returned to inquire about the more distinctions. The sum of the dining hall and never returned to inquire about the more distinctions and intensive sum of the dining hall and never returned to inquire about the more distinctions and intensive sum of the dining hall and never returned to inquire about the more distinction of the circumstances.

The pauline, in which Roger Tich form Havre to Valitate the pair is those who need the cotton shall be will those who need the copy at the best will those who need the copy at the best on the date of the conveyed them to Melbourne. The witness at first positively denied that since his return to England he had been to Lloyds and searched for information relating to these vessels: but upon being told that a gentleman from Lloyds was in court, the

WASHINGTON.

THE TAX ON BAILEOAD DIVIDENDS, Washington, D. C., July 9.—The question having arisen last fall whether a tax should be collected at the rate of two-thirds of one per cent on dividends declared by railroads and other corporations for the last five months of 1870, Acting Commissioner Douglass decided that under the law it should, and an order was given to Assessors accordingly. After General Pleasanton succeeded to office, he reserved his decision, but the matter having been brought to the attention of Secretary Boutwell, he referred it to the Attorney General, who set aside the last decision and ordered the Commissioner to assess and collect the tax. sioner to assess and collect the tax. These instructions were immediately micated to the local revenue officers, but the numerous applications and appeals recently made by railroad companies and bankers, that the tax be remitted or suspended on account of the severity of enforcing its collection at this time, Commissioner Pleast the pavement. PYRON'S THIRD ANNUAL FAIR Planetary Horse Power.

THE BEST HORSE POWER EVER IN-

MEMPERS, TENN., June 29, 1871. We, he undersigned citizens of Memphis, settify that we this day witnessed the application of Pyron's Planetary Power to an Eighty saw Cotton Gin, with the following results: The Gin was revolved with the mans rapidity, with a full roll of cot. on, by two mules, at an easy gair and draught; and we further state that we believe it greatly succepte to any horse power we have any knewledge of, and a power suitable for every planter using a Gin, Grist or Saw-mill.

J. H. Tasu, Machinist and Millwright.
